Agricultural Land

A new home. The start of a whole new chapter for you and your family. And for us, the part of our job where bricks and mortar becomes a place filled with activity and dreams and fun and love. We put a huge amount of care into the houses we build, but the story's not finished until we match them up with the right people. So, once you've chosen a Miller home, we'll do everything we can to make the rest of the process easy, even enjoyable. From the moment you make your decision until you've settled happily in, we'll be there to help.

Quality of life is about the details of everyday living. From the little things, like knowing the nearest place to pick up a pint of milk, to more important matters like finding the right school or having a health centre nearby, you need to know that the community you're moving to will support you and your family, as well as being a pleasant place to live. So here's some useful information about the area around Hunters Fold.

Hunters Fold is well placed for access to the A1(M), and less than a mile from Dinsdale railway station from where trains into Darlington run approximately twice an hour, with a journey time of less than ten minutes. Connections from Darlington include London King's Cross, Liverpool, Newcastle and Glasgow. The development is around two miles from Durham Tees Valley International Airport, from where there are three flights a day to Schiphol as well as services to Norwegian and Scottish destinations. Buses run every fifteen minutes between the airport and Darlington town centre, stopping around 200 yards away.

Middleton St George's lively Community Centre is the focal point for much of the local life. As well as children's activities like dance and drama classes, it is used for fairs, adult keep-fit, social events and private functions. Behind the Community Centre building there is a Water Park comprising three separately stocked angling pools, set in beautiful natural surroundings. The Cricket and Social Club, in addition to sporting activities, hosts live music events, and the nearby Riding Centre offers training at all levels, from novice to experienced show jumpers and dressage riders. The selection of welcoming, traditional pubs in and near the village includes Platform 1, just yards from Hunters Fold.

On the northern edge of Middleton St George, a delightful village surrounded by farmland and just four miles from the centre of Darlington, this attractive development of energy efficient two, three, four and five bedroom homes offers a rare opportunity to put down roots in a peaceful rural setting. With an active local community and excellent transport links, the village combines its countryside charm with easy access to city amenities.

Welcome to Hunters Fold...

The Miller Difference

“Buying a property is one of the most important decisions in life and I am delighted that Miller Homes made it an easy one for me.”

Chris Mackenzie
Miller Home Owner

“We are so impressed with the exceptional customer service and quality of our home that we’ve recommended Miller Homes to a friend.”

Helen Moscrop
Miller Home Owner

The Miller Difference

We’re enormously proud of the homes we’ve been building for the last 80 years, and throughout that time we’ve been listening to our customers and learning from them. From insisting on the best workmanship and the highest quality materials right through to recognising our responsibilities to the environment.

During this time we’ve seen many generations of families enjoy our homes and developments, and we’ve seen the happy, thriving communities they’ve become.

Trust

For us, the most important people are the customers who buy our homes and raise their families in them. We have a five star rating (that’s the best possible) for Customer Satisfaction from the Home Builders Federation.

Even better, in our independent customer satisfaction surveys, 94% said they would recommend us to their best friend. That’s the real barometer of our quality, our service and the trust people place in us.

Helping where we can

We invest everything into your customer journey – it’s designed not just to please you, but to exceed your expectations.

When you become a Miller customer, we’ll listen to you right from the start. From the day you first look around a showhome until long after you’ve moved in, we’re here to offer help and support. We’ve been doing this a long time so we have a vast amount of experience to draw on.

We don’t want you to just be satisfied, we want you to be proud of your new home and delighted by the whole experience. We want you to recommend us, too.

Pushing up standards

We frequently win awards for the quality of our homes. For their generous specification, skilful construction, beautiful locations, and for the teams that build them. We are acknowledged experts in the field. You can see the quality of our product and you will notice the quality of our service as we guide you through the many different ways of buying your home. It’s a customer journey that has taken 80 years to perfect.

We know the importance of workmanship and job satisfaction. We look after our teams, we train and employ the best people and we reward safe and careful practice.

Keeping you involved

First you’ll meet your sales adviser who will give you any help you need in choosing and buying your home. Then your site manager, who will supervise the build of your home and answer your questions along the way.

We’ll invite you to a pre-plaster meeting with your site manager during the construction of your new home, where you’ll get to see, first hand, the attention to detail, care and craftsmanship involved.

Wherever practical, we ask you to choose your own kitchen and bathroom including your own tiles, worktops, appliances and other options. Your home becomes personal to you long before we’ve finished building it.

A Better Place

We don’t just create more homes, we enhance locations with our developments. Places where people will make friends, enjoy family life and take pride in their neighbourhoods and surroundings. We even provide a unique www.mymillerhome.com website to keep you up to date on the build progress of your home and to help you get to know the area, your neighbours and live more sustainably once you’ve moved in.

For your future

For us, success is building exceptional homes, in sustainable communities. And that’s how we’ve built a business that goes from strength to strength.

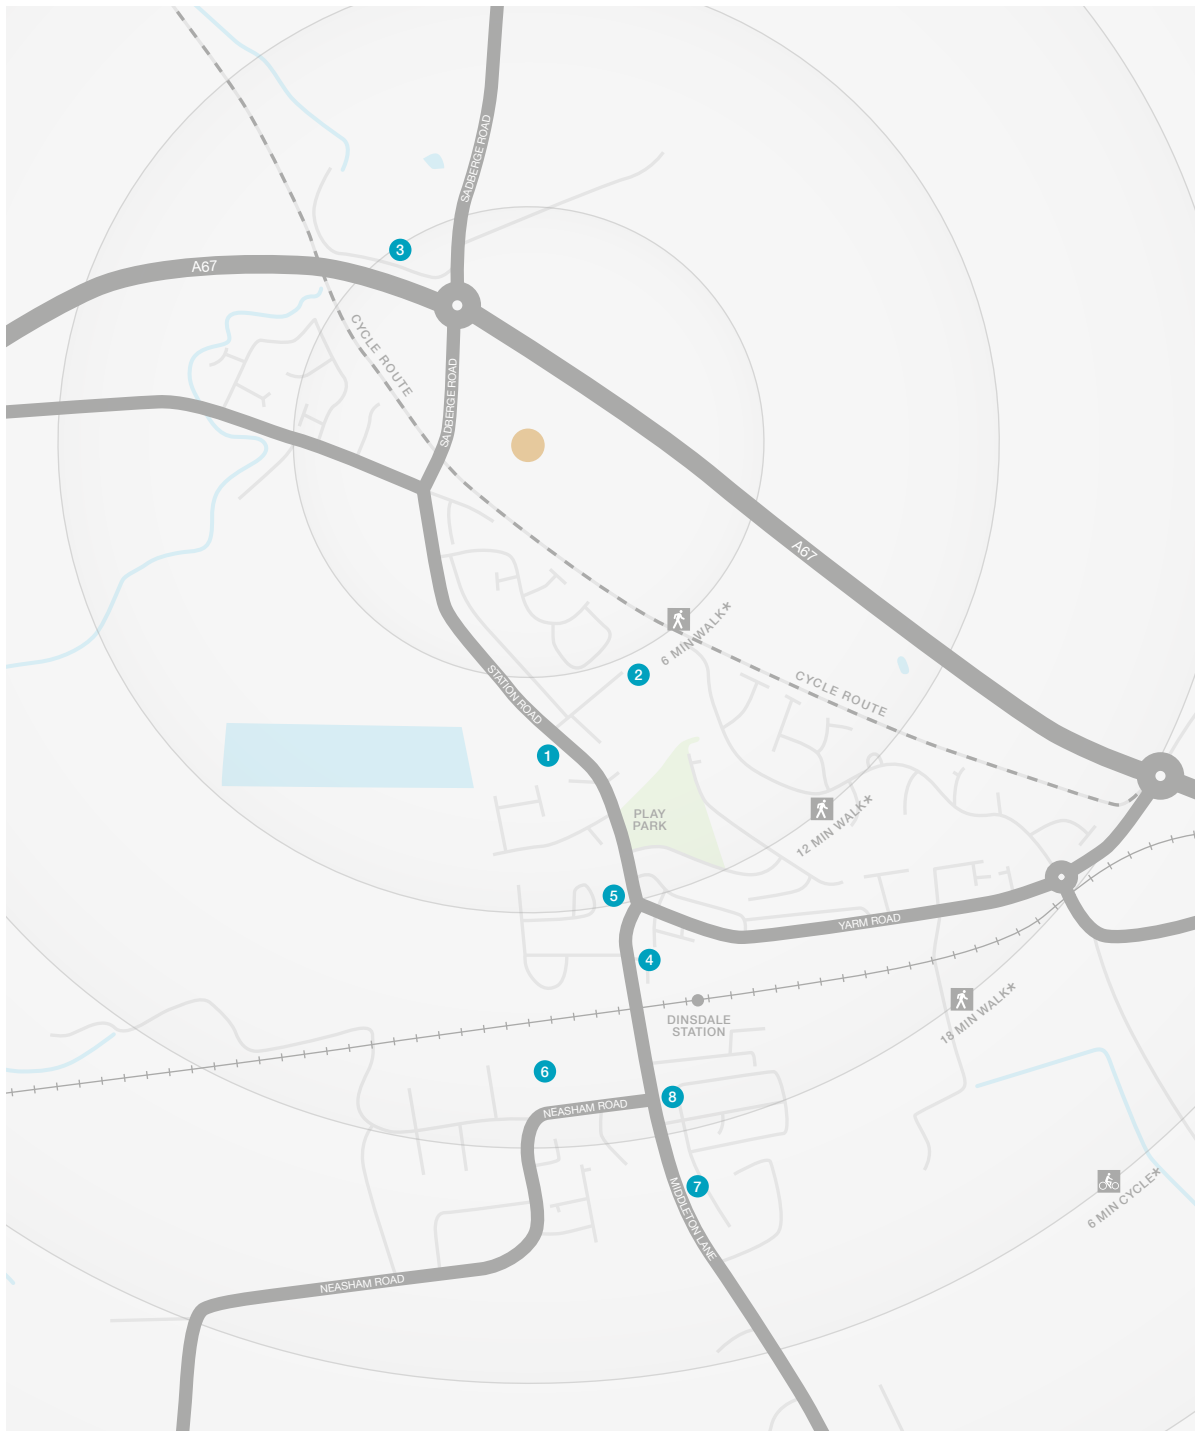

There is a good selection of local shops in Middleton St George, including an off-licence and general store, a Londis convenience store with post office services, a pharmacy, hairdressers and pet supplies. The large Morrison's supermarket around a mile away at Morton Park, which is served by the buses between the airport and Darlington, includes recycling facilities in the car park. The trip into Darlington opens up a choice of more than five hundred shops, a mixture of local independent traders and high street names, in a compact and pleasant environment that includes a Victorian covered market selling local produce, a twice-weekly open air market and the more modern mall setting of Cornmill Shopping Centre.

The village has a primary school, St George's C of E Academy, and the local secondary school in the neighbouring village of Hurworth has an excellent educational record. Middleton St George has both a dental surgery and a well-regarded medical practice with three GPs and full support staff, located close to each other in Middleton Lane.

When you leave the car at home and explore the local area by foot or bicycle, you get to know it so much better. And by using local shops and services, you'll help to keep the neighbourhood vibrant and prosperous. Every place has its own personality, and once you move in you'll soon find your favourite walks, and the shops you like best. As a starting point this map shows some of the most useful features and services within a short stroll or bike ride.

The homes we build are the foundations of sustainable communities that will flourish for generations to come. We work in harmony with the natural environment, protecting and preserving it wherever we can. With our customers, colleagues and partners, we strive to promote better practices and ways of living. We're playing our part in making the world A Better Place.

Why Miller?

We've been building homes since 1934, that's three generations of experience. We've learned a lot about people and that's made a big difference to what we do and how we do it.

We're enormously proud of the homes we build, combining traditional craftsmanship with new ideas like low carbon technologies. The big difference is that we don't stop caring once we've finished the building, or when we've sold the house, or even once you've moved in. We're there when you need us, until you're settled, satisfied and inviting your friends round.

This brochure is printed on GaleriArt and contains material sourced from responsibly managed forests. It's certified by the Forest Stewardship Council, an organisation dedicated to promoting responsible forest management and manufacture of wood products, like paper. It's a small thing, we know, but enough small things make a big difference. Please recycle this brochure and help make that difference.
