

THIS IS
NOVUS

A new home. The start of a whole new chapter for you and your family. And for us, the part of our job where bricks and mortar becomes a place filled with activity and dreams and fun and love. We put a huge amount of care into the houses we build, but the story's not finished until we match them up with the right people. So, once you've chosen a Miller home, we'll do everything we can to make the rest of the process easy, even enjoyable. From the moment you make your decision until you've settled happily in, we'll be there to help.

Opportunities like this are rare. This exciting new residential neighbourhood makes a clear, confident and contemporary architectural statement, distinct from yet sympathetic to its urban environment. We are proud to have contributed so positively to the built landscape of Stretford while providing an exceptional and diverse choice of comfortable, energy efficient new homes. Novus brings a significant asset to a vibrant, prosperous community.

C/S Cycle Store
B/S Bin Store

Novus is designed for people. It sits at the heart of a well established, mature residential area, with local shops, restaurants, pubs, parks and other amenities, including an excellent transport infrastructure. It is within walking distance of the flagship Salford Quays, The Lowry, and MediaCityUK. We believe that it is destined to become one of Greater Manchester's most prestigious addresses.

The artist's impressions (computer generated graphics) have been prepared for illustrative purposes and are indicative only. They do not form part of any contract, or constitute a representation or warranty. External appearance may be subject to variation upon completion of the project.

Novus is just a few yards from the A56 and just over a mile from the M60 Manchester Outer Ring Road. It offers a drive time of less than fifteen minutes into Manchester city centre, as well as easy access to the national motorway network.

Old Trafford and Stretford Metrolink stations are both within fifteen minutes walk of the development with trams running on average every 12 minutes. Also, buses linking Stretford with Salford Quays and Manchester city centre stop close to the development. Trains between Manchester Oxford Road and Liverpool Lime Street stop at Trafford Park railway station, around a mile away.

Cycle paths along Talbot Road and the Bridgewater Way connect with both local and national cycle networks, making Novus an excellent starting point for either commuting by bike or long-distance riding.

The choice of nearby parks and leisure spaces is wide and varied. A few yards away, Gorse Hill Park includes a delightful children's playground and sports pitches. Longford Park, ten minutes walk to the south, incorporates a wildlife garden, tennis, basketball and other sports facilities, play areas and a café. Victoria Park, Turn Moss playing fields and the expanse of Stretford Meadows are all within easy walking distance. The Bridgewater Way, the long distance canal-side path that links Salford Quays passes a few yards to the west. Stretford Sports Village at the Chester Centre incorporates a fully equipped modern gym, a separate ladies' gym, two swimming pools and a double sports hall. Manchester United's Old Trafford Stadium and the Old Trafford Cricket Ground are both within a mile of Novus.

There is a choice of excellent schools in the area. The highly praised Longford Park Primary, set in tree-lined grounds, and St Anne's RC Primary School, are both less than half a mile away, and both are recognised as 'outstanding' by Ofsted. Stretford Grammar School, located around fifteen minutes walk away in a pleasant 15-acre site with superb sports facilities, has been awarded specialist status in maths and science, and has a good academic record. For further education, the Talbot Road campus of the Trafford College Group, which offers a spectrum of opportunities, is just half a mile away.

While Novus is within easy reach of the excellent shops of central Manchester, the stylish boutiques at Salford Quays and the vast choice of retailers and leisure amenities in the Trafford Centre, it is also served by a wealth of local shops. The precinct just 250 yards away offers convenience stores, a large Co-op food store, a pharmacy and a choice of hot food takeaways, as well as a health centre, a dentist and a pub. The short walk to Stretford Mall opens up a choice of more than 80 high street stores including a major Aldi, Boots, WH Smiths and other high street names alongside smaller traders, a post office, cafés and a gym.

A full range of health care services can also be found just a few minutes walk away in Chester Road, close to the local shops. There are two large full-time medical centres, the nearest being the North Trafford Group Practice with five GPs, full nursing and specialist support. The Dental Team, offering a choice of four dental surgeons and a hygienist, is based a few yards from the medical centres, close to a local pharmacy. For alternative approaches, an acupuncturist and holistic health centre are also close by.

The Miller Difference

We're enormously proud of the homes we've been building for the last 80 years, and throughout that time we've been listening to our customers and learning from them. From insisting on the best workmanship and the highest quality materials right through to recognising our responsibilities to the environment.

During this time we've seen many generations of families enjoy our homes and developments, and we've seen the happy, thriving communities they've become.

Trust

For us, the most important people are the customers who choose our homes in which to build their future. Their satisfaction and confidence in us, from our very first meeting onwards, is a key measure of our success.

We're proud of the independent surveys that consistently show our high levels of customer satisfaction. That's the real barometer of our quality and our service.

Helping where we can

We invest everything into your customer journey - it's designed not just to please you, but to exceed your expectations.

When you become a Miller customer, we'll listen to you right from the start. From the day you first look around a showhome until long after you've moved in, we're here to offer help and support. We've been doing this a long time so we have a vast amount of experience to draw on.

We don't want you to just be satisfied, we want you to be proud of your new home and delighted by the whole experience. We want you to recommend us, too.

Pushing up standards

We frequently win awards for the quality of our homes. For their generous specification, skilful construction, beautiful locations, and for the teams that build them. We are acknowledged experts in the field. You can see the quality of our product and you will notice the quality of our service as we guide you through the many different ways of buying your home. It's a customer journey that has taken 80 years to perfect.

We know the importance of workmanship and job satisfaction. We look after our teams, we train and employ the best people and we reward safe and careful practice.

Keeping you involved

First you'll meet your Development Sales Manager who will give you any help you need in choosing and buying your home. Then your site manager, who will supervise the build of your home and answer your questions along the way.

We'll invite you to a pre-plaster meeting with your site manager during the construction of your new home, where you'll get to see, first hand, the attention to detail, care and craftsmanship involved.

Wherever practical, we ask you to choose your own kitchen and bathroom including your own tiles, worktops, appliances and other options. Your home becomes personal to you long before we've finished building it.

A Better Place

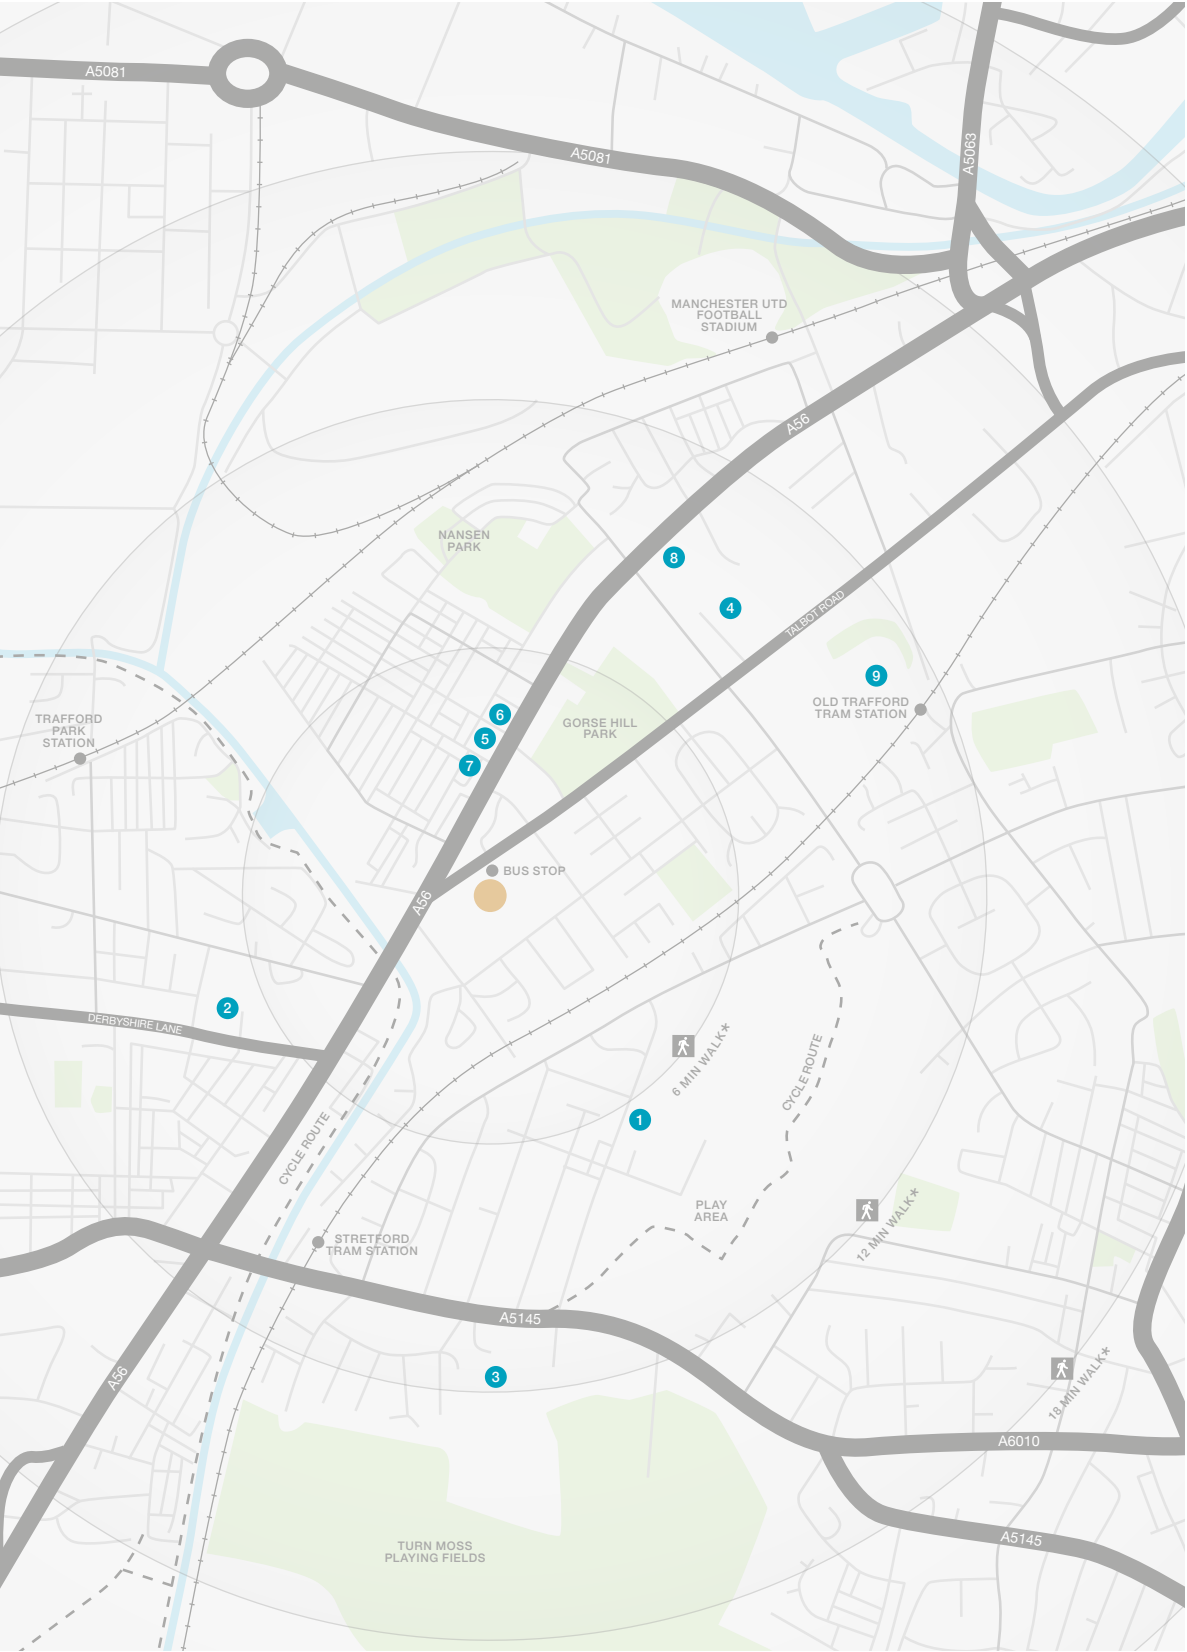

We don't just create more homes, we enhance locations with our developments. Places where people will make friends, enjoy family life and take pride in their neighbourhoods and surroundings. We even provide a unique www.mymillerhome.com website to keep you up to date on the build progress of your home and to help you get to know the area, your neighbours and live more sustainably once you've moved in.

For your future

For us, success is building exceptional homes, in sustainable communities. And that's how we've built a business that goes from strength to strength.

* Times stated are averages based on approximate distances and would be dependent on the route taken.

Based on:
0.5km = 5 to 7 mins walk
1.0km = 10 to 14 mins walk
1.5km = 15 to 21 mins walk

From Manchester City Centre
From the Deansgate Interchange, follow signs for the A56 and Trafford. Stay on the A56 for just over two miles, and after passing the redbrick Gorse Hill pub on the right, move into the left hand lane and turn sharp left at the traffic lights. Take the next right into Milton Road, then right again into Renton Road, and the entrance to Novus is on the right.

From the M60 Outer Ring Road
Leave the M60 at junction 7 and follow signs for Manchester City Centre via the A56. After one and a quarter miles, just after the road crosses over the Bridgewater Canal, bear right and leave the A56 following the sign for Old Trafford Cricket Ground. Take the next right into Milton Road, then right again into Renton Road, and the entrance to Novus is on the right.

We’ve been building homes since 1934, that’s three generations of experience. We’ve learned a lot about people and that’s made a big difference to what we do and how we do it. We’re enormously proud of the homes we build, combining traditional craftsmanship with new ideas like low carbon technologies. The big difference is that we don’t stop caring once we’ve finished the building, or when we’ve sold the house, or even once you’ve moved in. We’re there when you need us, until you’re settled, satisfied and inviting your friends round.

Important Notice:
Although every care has been taken to ensure the accuracy of all the information given, the contents do not form part of any contract, or constitute a representation or warranty, and, as such, should be treated as a guide only. Interested parties should check with the Development Sales Manager and confirm all details with their solicitor. The developer reserves the right to amend the specification, as necessary, without prior notice, but to an equal or higher standard. Please note that items specified in literature and showhomes may depict appliances, fittings and decorative finishes that do not form part of the standard specification. The project is a new development which is currently under construction. Measurements provided have not been surveyed on-site. The measurements have been taken from architect’s plans, and, as such, may be subject to variation during the course of construction. Not all the units described have been completed at the time of going to print and measurements and dimensions should be checked with the Development Sales Manager and confirmed with solicitors.

THIS IS
NOVUS

THIS IS
NOVUS

The architectural approach behind Novus is inspired and dramatic. The visual language that brings a satisfying coherence to the development includes the flexibility to bring variety and vigour to the exterior presentation, as well as the internal layout of the homes. Behind the lively, active streetscapes each individual home has been designed to optimise the advantages of natural sunlight and integrate the interior with its surroundings. Elements like wide glass bi-fold doors and first floor decked gardens that merge into the living and dining areas are all used to optimise the sense of light and space. Some homes feature car ports, others take advantage of landscaped parking courtyards. Within the homes, exciting contemporary ideas like open plan living areas and dual-access bathrooms are introduced, appropriately and sensitively, to enhance the pleasure of everyday life, and the whole project is underpinned by the use of the highest quality appliances, fittings and finishes. Novus raises urban living to new levels.

1.8m close board solid fencing with matching gate (rear garden)

1.8m close board solid fencing between plots

Rotovated top soil to rear garden

The artist's impressions (computer generated graphics) have been prepared for illustrative purposes and are indicative only. They do not form part of any contract, or constitute a representation or warranty. External appearance may be subject to variation upon completion of the project.

We’ve been building homes since 1934, that’s three generations of experience. We’ve learned a lot about people and that’s made a big difference to what we do and how we do it. We’re enormously proud of the homes we build, combining traditional craftsmanship with new ideas like low carbon technologies. The big difference is that we don’t stop caring once we’ve finished the building, or when we’ve sold the house, or even once you’ve moved in. We’re there when you need us, until you’re settled, satisfied and inviting your friends round.

Important Notice:
Although every care has been taken to ensure the accuracy of all the information given, the contents do not form part of any contract, or constitute a representation or warranty, and, as such, should be treated as a guide only. Interested parties should check with the Development Sales Manager and confirm all details with their solicitor. The developer reserves the right to amend the specification, as necessary, without prior notice, but to an equal or higher standard. Please note that items specified in literature and showhomes may depict appliances, fittings and decorative finishes that do not form part of the standard specification. The project is a new development which is currently under construction. Measurements provided have not been surveyed on-site. The measurements have been taken from architect’s plans, and, as such, may be subject to variation during the course of construction. Not all the units described have been completed at the time of going to print and measurements and dimensions should be checked with the Development Sales Manager and confirmed with solicitors.

THIS IS
NOVUS

THIS IS
NOVUS

Novus sets a new benchmark for apartment living. Its striking, contemporary elevations are enlivened by subtle differentiations that add interest and texture to the streetscape. Each block has an individual character, yet it sits comfortably alongside its neighbours and sympathetically complements the local built environment. Car-free avenues provide natural, walkable routes around the development and into the surrounding areas and amenities. Every apartment has an allocated parking space just a few yards away, in a discreetly landscaped private courtyard. However, it is in the interiors that the radical architectural approach is most striking. Clean, crisp open plan layouts are used to enormous advantage, with dramatic window styles creating focal points. Every two-bedroom apartment includes an en-suite master bedroom. Created to inspire and bring lasting satisfaction, Novus presents fresh, innovative design that reflects the way we want to live today.

LIBERTAS HOUSE

On the north-west corner of Novus, just a few yards from the canal-side Bridgewater Way, the six-storey Libertas House offers a selection of stylish, open plan, one and two bedroom apartments. A number of the living areas are dual aspect and include a feature sliding window and decorative balcony. There is a practical utility cupboard in every apartment, and the two-bedroom designs have en-suite master bedrooms with french windows. Two very special apartments, on floors four and five, take advantage of their height with additional twin french windows in the living room. The building has a lift and a secure bicycle store.

STELLO HOUSE

Rising to five storeys on Talbot Road, Stello House is comprised almost entirely of inviting, contemporary two-bedroom apartments, all of which have en-suite master bedrooms. A selection include french windows and decorative balconies. There is a single one-bedroom design on the ground floor. All of the apartments feature light, open plan living areas, a number of them dual aspect, that extend from an expertly planned, ergonomic kitchen to a bright social space. A separate utility cupboard provides a practical aid to household management. The building has a lift and a secure bicycle store.

ALUDRA HOUSE

The four-storey Aludra House nestles within the interior of the Novus development, with a tree-lined street to the front and a parking courtyard to the rear. While all the apartments have two bedrooms they vary in style, some having dual aspect living areas featuring french windows, others incorporating french windows in both bedrooms. All of them, however, include en-suite master bedrooms and wonderfully flexible open plan living areas with expertly designed kitchens, presenting a flexible, relaxing setting that is perfect for entertaining. All homes include utility cupboards and Aludra House has a lift and a secure bicycle store in the parking courtyard.

DELTA HOUSE

Set on the east of the development, the apartments within the five storey Delta House range from comfortable, beautifully planned single bedroom designs to superb two bedroom apartments with both french windows and sliding windows in the light-filled, dual aspect living areas. Alongside the variety of individual details, however, upper apartment living areas have sliding windows, all two bedroom designs have an en-suite master bedroom and all homes have a utility cupboard. The building has a lift and there are secure bicycle stores in the parking courtyard.

ATRIA HOUSE

VEGA HOUSE

Introduced by their bold, distinctive three storey elevations, Vega House and Atria House face north west, looking out on to the tree-lined Talbot Road. On the ground floor, the one-bedroom apartments feature a bright open plan living area complemented by a practical utility cupboard that helps to prevent household management from encroaching on the social space. Apartments on the first and second floors all have en-suite master bedrooms, second bedrooms and open plan living areas where stylish sliding windows introduce a light, airy ambience.

NEMBUS HOUSE POLARIS HOUSE REVATI HOUSE

NOVUS

Located on the north east corner of Novus, facing out towards Old Trafford, Salford Quays and the Lowry Centre, these three storey buildings are distinguished by their striking roof lines. Each House incorporates two practical and attractive one-bedroom apartments with bright, welcoming living areas on the ground floor, while the upper two floors contain four two-bedroom apartments. The two bedroom homes all have en-suite master bedrooms and a living room with a feature sliding window that derives maximum advantage from the views. All of the apartments in the Houses have utility cupboards, and the upper apartments also incorporate a separate walk-in cupboard.

We’ve been building homes since 1934, that’s three generations of experience. We’ve learned a lot about people and that’s made a big difference to what we do and how we do it. We’re enormously proud of the homes we build, combining traditional craftsmanship with new ideas like low carbon technologies. The big difference is that we don’t stop caring once we’ve finished the building, or when we’ve sold the house, or even once you’ve moved in. We’re there when you need us, until you’re settled, satisfied and inviting your friends round.
