Bo'ness**

millershomes

the place to be®

A new home. The start of a whole new chapter for you and your family. And for us, the part of our job where bricks and mortar becomes a place filled with activity and dreams and fun and love. We put a huge amount of care into the houses we build, but the story's not finished until we match them up with the right people. So, once you've chosen a Miller home, we'll do everything we can to make the rest of the process easy, even enjoyable. From the moment you make your decision until you've settled happily in, we'll be there to help.

While it has the peaceful, semi-rural appeal of a quiet market town, the Bo'ness development is remarkably well placed for travel throughout the country. The M9, less than three miles away, brings fast access to Edinburgh Airport and city centre, Glasgow via the M8, Stirling and the Forth crossings. Linlithgow railway station, on the Edinburgh to Glasgow line, is two and a half miles away and bus routes between Bo'ness and Linlithgow run adjacent to the development. There are also express bus services between Bo'ness and Edinburgh.

For more local travel, Bo'ness town centre is a short walk away. The homes are close to a network of footpaths and cycle routes. The town has a number of unusual attractions that reflect its long history, including a celebrated heritage steam railway, the Bo'ness and Kinneil Railway, which operates trains between Bo'ness and Manuel and also has a volunteer-run historic railway museum. Bo'ness is also the location of Scotland's oldest purpose-built cinema, the magnificent pre-Art Deco Hippodrome, and the local library is housed in a renovated 17th century building.

More modern leisure amenities include West Lothian Golf Club on the southern edge of the development and Bo'ness Recreation Centre, around a quarter of a mile away. The Recreation Centre incorporates a 25m swimming pool, a well-equipped gym and a wide choice of sports and fitness activities. It also has recycling bins for glass, metal cans, clothing and shoes, and there are more comprehensive recycling facilities at Kinneil Kerse, around two miles away.

The Co-op store in Linlithgow road, less than ten minutes walk from the development, is a licensed food store and newsagent, and is open till late seven days a week. There is a pharmacist just a little further on in Dean Road. The town centre contains a mixture of traditional specialist shops and services as well as Lidl and Tesco Metro stores. There is also a selection of shops, including a Sainsbury's, in nearby Linlithgow.

Of the five primary schools in the town, the two nearest to the development are Kinneil Primary and St Mary's RC Primary, both of which have had positive inspection reports, and for secondary education Bo'ness Academy is just a few minutes walk away. Kinglass Medical Practice, a full-time service with three GPs, is just half a mile away, and the choice of dental surgeries in the town includes the Rosemount practice, approximately a mile from the development.

On the edge of the historic town, buffered by open green landscapes to the south and just a mile from the town centre, this prestigious development of two, three, four and five bedroom homes presents an opportunity to settle in a mature, traditional community within easy commuting range of Edinburgh and the whole central belt. Close to local shops and amenities, and adjacent to bus routes and footpaths, it combines convenience with a real sense of roots.

The Miller Difference

“Buying a property is one of the most important decisions in life and I am delighted that Miller Homes made it an easy one for me.”

Chris Mackenzie
Miller Home Owner

“We are so impressed with the exceptional customer service and quality of our home that we’ve recommended Miller Homes to a friend.”

Helen Moscrop
Miller Home Owner

The Miller Difference

We’re enormously proud of the homes we’ve been building for the last 80 years, and throughout that time we’ve been listening to our customers and learning from them. From insisting on the best workmanship and the highest quality materials right through to recognising our responsibilities to the environment.

During this time we’ve seen many generations of families enjoy our homes and developments, and we’ve seen the happy, thriving communities they’ve become.

Trust

For us, the most important people are the customers who choose our homes in which to build their future. Their satisfaction and confidence in us, from our very first meeting onwards, is a key measure of our success.

We’re proud of the independent surveys that consistently show our high levels of customer satisfaction. That’s the real barometer of our quality and our service.

Helping where we can

We invest everything into your customer journey – it’s designed not just to please you, but to exceed your expectations.

When you become a Miller customer, we’ll listen to you right from the start. From the day you first look around a showhome until long after you’ve moved in, we’re here to offer help and support. We’ve been doing this a long time so we have a vast amount of experience to draw on.

We don’t want you to just be satisfied, we want you to be proud of your new home and delighted by the whole experience. We want you to recommend us, too.

Pushing up standards

We frequently win awards for the quality of our homes. For their generous specification, skilful construction, beautiful locations, and for the teams that build them. We are acknowledged experts in the field. You can see the quality of our product and you will notice the quality of our service as we guide you through the many different ways of buying your home. It’s a customer journey that has taken 80 years to perfect.

We know the importance of workmanship and job satisfaction. We look after our teams, we train and employ the best people and we reward safe and careful practice.

Keeping you involved

First you’ll meet your Development Sales Manager who will give you any help you need in choosing and buying your home. Then your site manager, who will supervise the build of your home and answer your questions along the way.

We’ll invite you to a pre-plaster meeting with your site manager during the construction of your new home, where you’ll get to see, first hand, the attention to detail, care and craftsmanship involved.

Wherever practical, we ask you to choose your own kitchen and bathroom including your own tiles, worktops, appliances and other options. Your home becomes personal to you long before we’ve finished building it.

A Better Place

We don’t just create more homes, we enhance locations with our developments. Places where people will make friends, enjoy family life and take pride in their neighbourhoods and surroundings. We even provide a unique www.mymillerhome.com website to keep you up to date on the build progress of your home and to help you get to know the area, your neighbours and live more sustainably once you’ve moved in.

For your future

For us, success is building exceptional homes, in sustainable communities. And that’s how we’ve built a business that goes from strength to strength.

Why Miller Homes?

We've been building homes since 1934, that's three generations of experience. We've learned a lot about people and that's made a big difference to what we do and how we do it.

We're enormously proud of the homes we build, combining traditional craftsmanship with new ideas like low carbon technologies. The big difference is that we don't stop caring once we've finished the building, or when we've sold the house, or even once you've moved in. We're there when you need us, until you're settled, satisfied and inviting your friends round.

This brochure is printed on GalerArt and contains material sourced from responsibly managed forests. It's certified by the Forest Stewardship Council, an organisation dedicated to promoting responsible forest management and manufacture of wood products, like paper. It's a small thing, we know, but enough small things make a big difference. Please recycle this brochure and help make that difference.
