millerohomes

the place to be®

A new home. The start of a whole new chapter for you and your family. And for us, the part of our job where bricks and mortar becomes a place filled with activity and dreams and fun and love. We put a huge amount of care into the houses we build, but the story's not finished until we match them up with the right people. So, once you've chosen a Miller home, we'll do everything we can to make the rest of the process easy, even enjoyable. From the moment you make your decision until you've settled happily in, we'll be there to help.

Welcome to Heritage Green

Bounded by the Brierdene Burn, and with a second smaller burn meandering through its centre, Heritage Green has a natural feel that adds a unique appeal to its beautiful setting. Close to the powerhouse of the Cobalt Business Park, with comprehensive local amenities and easy access to the whole of Tyneside, Whitley Bay and the Northumberland coast, this superb selection of prestigious three, four and five bedroom homes combines fresh air and wide horizons with fast access to urban life.

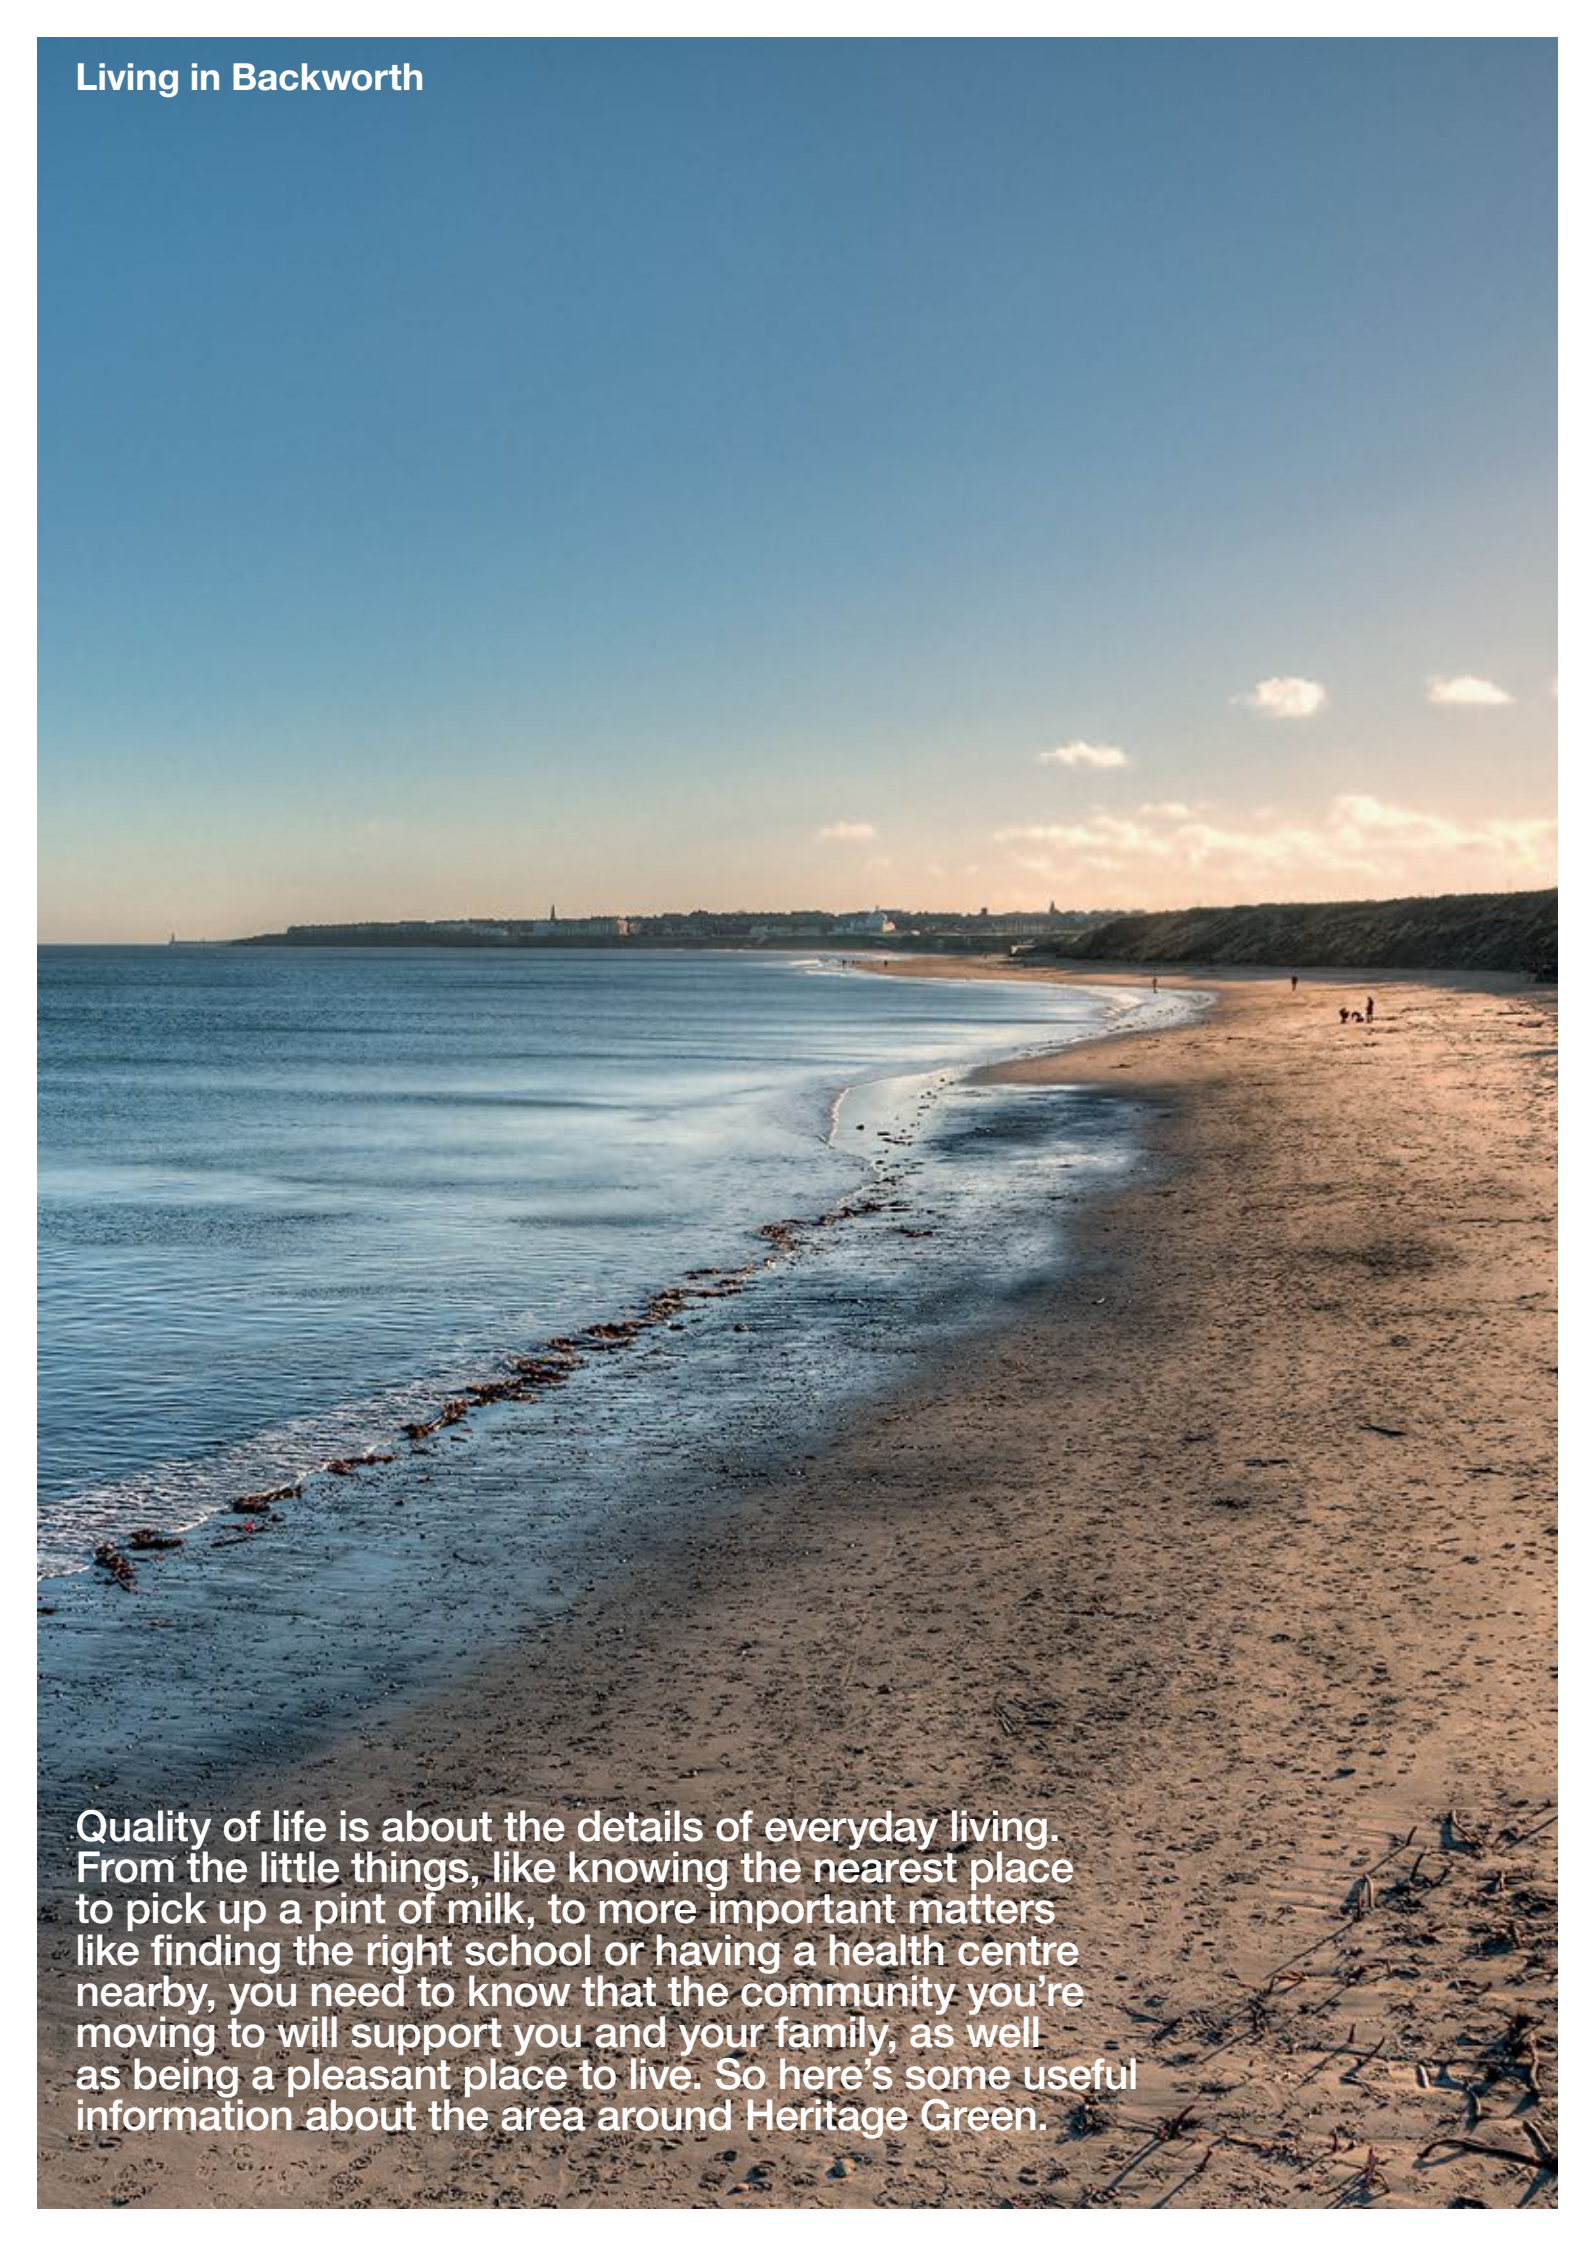

We care about you

Every year, we help thousands of homebuyers to make the move. We understand what matters to you. And that's what matters to us. You can be sure we'll do everything we can to make your homebuying experience stress-free and as enjoyable as possible.

Be Happy

We want you to love living in your new home. That's why everything is built around you. Your complete satisfaction is the only way we know we're getting things right. In fact, during 2014, 95% of customers said they'd recommend Miller Homes to their best friend. To check our latest performance results see our website.

Living in Backworth

A wide, sandy beach stretches from the foreground into the distance. The sea is on the left, with gentle waves lapping at the shore. The sky is a mix of blue and orange, indicating sunset or sunrise. In the far distance, a town or city is visible on the horizon. A few people can be seen walking on the beach. The overall scene is peaceful and scenic.

Quality of life is about the details of everyday living. From the little things, like knowing the nearest place to pick up a pint of milk, to more important matters like finding the right school or having a health centre nearby, you need to know that the community you're moving to will support you and your family, as well as being a pleasant place to live. So here's some useful information about the area around Heritage Green.

Heritage Green has outstanding transport links. It is just five minutes walk from Northumberland Park Metro Station, with frequent fast services running in one direction to Newcastle Central Station, Gateshead, Jarrow and South Shields, and in the other to Whitley Bay, Tynemouth, North Shields, and St James Station. The A19, half a mile away, brings easy access to the A1, and buses serving Newcastle city centre, North Shields Ferry, Blyth and Whitley Bay pass close to the development.

Arts & Entertainment

Tyneside's celebrated museums, galleries and live entertainment venues can be easily reached by public transport from Heritage Green.

The Village Hotel, a mile to the south includes a spa, a gym and a swimming pool, and to the north the Backworth Hall Miners Welfare hosts archery, cricket and bowls clubs as well as a ten-hole golf course. Additional leisure and sporting facilities in the wider area include an ice rink at Whitley Bay. The Rising Sun Countryside Centre, a 400-acre green space around a mile from the development, features a lake with a rich diversity of wildlife, and other nearby opportunities for walking and cycling include the West Allotment Country Park and the North Tyneside Waggonways network of paths.

the place to be[®]

a better place^{*}

The homes we build are the foundations of sustainable communities that will flourish for generations to come. We work in harmony with the natural environment, protecting and preserving it wherever we can. With our customers, colleagues and partners, we strive to promote better practices and ways of living. We're playing our part in making the world A Better Place.

Why Miller?

We've been building homes since 1934, that's three generations of experience. We've learned a lot about people and that's made a big difference to what we do and how we do it.

We're enormously proud of the homes we build, combining traditional craftsmanship with new ideas like low carbon technologies. The big difference is that we don't stop caring once we've finished the building, or when we've sold the house, or even once you've moved in. We're there when you need us, until you're settled, satisfied and inviting your friends round.
